

Product card TO-220

Symbol:	TO-220
Product groups:	Heatsinks - equipment

Product specifications

Type of accessories for semiconductors:	insulator cover
Application:	TO220
Material:	silicone
Length:	21.7mm
Width:	11.5mm
Height:	5.8mm
Thermal conductivity:	0.8W/mK
Wall thickness:	0.45mm
Flammability rating:	UL94V-0

Operating temperature: -40...155°C

Dielectric strength: 4kV

Additional information

Gross weight: 0.001 kg
