

Symbol:	SR2412519.2F
Product groups:	Rotary Switches

Product specifications

Type of switch:	rotary
Number of positions:	5
Stable positions number:	5
AC contacts rating @R:	1A / 250V AC
Poles number:	2
Indexed positions:	36°
Leads:	for soldering
Contact material:	brass

Max. contact resistance::	50mΩ
Body material:	polyamide 66
Min. insulation resistance:	0.1GΩ
Mechanical durability:	10000 cycles
Shaft surface:	D spring
Shaft diameter:	6.35mm
Shaft length:	19.2mm
Fastening thread:	3/8"-32NEF
Switching torque:	6.86Ncm
Operating temperature:	-20...70°C

Additional information

Gross weight:	0.008 kg
