

Symbol:	TO-220
Product groups:	Heatsinks - equipment

Product specifications

Type of heatsink accessories:	insulator cover
Application:	TO220
Material:	silicone
Length:	21.7mm
Width:	11.5mm
Height:	5.8mm
Thermal conductivity:	0.8W/mK
Wall thickness:	0.45mm
Flammability rating:	UL94V-0

Operating temperature:	-40...155°C
Dielectric strength:	4kV

Additional information

Gross weight:	0.001 kg
