

Symbol:	Z-50/DEC
Product groups:	Encoding Switches

Product specifications

Type of rotary coded switch:	DEC/DEC
Stable positions number:	10
Number of positions:	10
Operating temperature:	-20...70°C
Body dimensions:	46x10x30.5mm
Mechanical durability:	200000 cycles
Electrical life:	100000 cycles

Max. operating current:	0.1A
Switched voltage:	max. 28V DC, max. 50V AC

Additional information

Gross weight:	0.008 kg
