| <b>Symbol:</b>         | KS-40                  |
| <b>Product groups:</b> | Key Switches and Locks |

## Product specifications

|                                  |                                                                  |
|----------------------------------|------------------------------------------------------------------|
| <b>Type of switch:</b>           | key switch                                                       |
| <b>Stable positions number:</b>  | 2                                                                |
| <b>Switches features:</b>        | key with the random code, the key can be removed at any position |
| <b>Number of positions:</b>      | 2                                                                |
| <b>Mounting hole dimensions:</b> | Ø12mm                                                            |
| <b>Key shape:</b>                | round                                                            |
| <b>Kind of wrench:</b>           | unsymmetrical                                                    |
| <b>Body material:</b>            | zinc alloy                                                       |

|                                   |               |
|-----------------------------------|---------------|
| <b>Mechanical rotation angle:</b> | 90°           |
| <b>Overall length:</b>            | 21.5mm        |
| <b>Contact plating:</b>           | silver plated |

## Additional information

|                      |          |
|----------------------|----------|
| <b>Gross weight:</b> | 0.024 kg |
