| <b>Simbol:</b> | WT-10P-10C-D |
|----------------|--------------|

|                       |              |
|-----------------------|--------------|
| <b>Grupă produse:</b> | Conectori RJ |
|-----------------------|--------------|

## Parametri produs

|                      |      |
|----------------------|------|
| <b>Tip conector:</b> | RJ50 |
|----------------------|------|

|                  |      |
|------------------|------|
| <b>Conector:</b> | mufă |
|------------------|------|

|                         |    |
|-------------------------|----|
| <b>Numărul de pini:</b> | 10 |
|-------------------------|----|

|                            |        |
|----------------------------|--------|
| <b>Tip dispunere pini:</b> | 10p10c |
|----------------------------|--------|

|                          |          |
|--------------------------|----------|
| <b>Montare mecanică:</b> | pe cablu |
|--------------------------|----------|

|                           |              |
|---------------------------|--------------|
| <b>Montare electrică:</b> | crimpat, IDC |
|---------------------------|--------------|

|                             |                     |
|-----------------------------|---------------------|
| <b>Utilizare conectori:</b> | cablu rotund, sârmă |
|-----------------------------|---------------------|

## Informații suplimentare

|                        |          |
|------------------------|----------|
| <b>Greutate brută:</b> | 0,002 kg |
|------------------------|----------|
