

Symbol:	NLSW-T
----------------	--------

Product groups:	Raster signal connectors
------------------------	--------------------------

Product specifications

Type of connector:	wire-wire
---------------------------	-----------

Connector:	contact
-------------------	---------

Kind of connector:	female
---------------------------	--------

Application - series/manufacturer:	NLS
---	-----

Contact material:	brass
--------------------------	-------

Contact plating:	tinned
-------------------------	--------

Wire cross-section:	0.5...1.5mm ²
----------------------------	--------------------------

Wire size:	20AWG...16AWG
-------------------	---------------

Electrical mounting:	crimped
-----------------------------	---------

Connectors application: 1pin - 15pin connectors

Maximum current: 13A

Additional information

Gross weight: 0 kg
