

## Karta výrobku DS-06

---

|                         |              |
|-------------------------|--------------|
| <b>Symbol:</b>          | DS-06        |
| <b>Skupina výrobků:</b> | Dip-Switches |

### Parametry výrobku

|                                  |                 |
|----------------------------------|-----------------|
| <b>Type of switch:</b>           | DIP-SWITCH      |
| <b>Poles number:</b>             | 6               |
| <b>Switching method:</b>         | ON-OFF          |
| <b>DC contacts rating @R:</b>    | 50mA / 12V DC   |
| <b>Number of positions:</b>      | 2               |
| <b>Stable positions number:</b>  | 2               |
| <b>Mounting:</b>                 | THT             |
| <b>Operating temperature:</b>    | -25...80°C      |
| <b>Terminal pitch:</b>           | 2.54mm          |
| <b>Max. contact resistance::</b> | 100mΩ           |
| <b>Switches features:</b>        | raised actuator |
| <b>Row pitch:</b>                | 7.62mm          |
| <b>Overall length:</b>           | 16.7mm          |
