

Symbol:	SILI150X220-G
Product groups:	Heatsinks - equipment

Product specifications

Type of heatsink accessories:	heat transfer pad
Kind of heat transfer pad:	silicone caoutchouc
Length:	0.22m
Width:	0.15m
Thickness:	0.3mm
Thermal conductivity:	1W/mK
Flammability rating:	UL94V-0
Operating temperature:	-60...200°C

Version:	glass fiber reinforced, glued, one-sided adhesive
Min. breakdown voltage:	5kV/mm

Additional information

Gross weight:	0.019 kg
