

Symbol:	SR09148SNG
Product groups:	Rotary Switches

Product specifications

Type of switch:	rotary
Number of positions:	4
Stable positions number:	4
DC contacts rating @R:	0.5A / 24V DC
Poles number:	1
Indexed positions:	45°
Leads:	for PCB
Contact material:	brass
Switching method:	BBM (non-shorting)

Max. contact resistance::	100mΩ
Body material:	PBT
Min. insulation resistance:	0.1GΩ
Mechanical durability:	2000 cycles
Shaft surface:	smooth
Shaft diameter:	3.7mm
Shaft length:	8mm
Switching torque:	3.4Ncm
Operating temperature:	-20...70°C

Additional information

Gross weight:	0.001 kg
